Mr. Michael A. Watson

Director of Facility Coordination, Health and
Physical Education, and Athletics

Dear parents/guardians of student-athletes:

Parent/Guardian Transportation Requests

Participation on a high school sports team is a privilege and an option that you and your child have freely chosen. As coaches are required to adhere to county, conference and state rules governing athletics, student-athletes are required to adhere to team and athletic department rules as a condition of participation.

Traveling to and from away contests with the team is an integral part of being on the team and team members are expected to ride the team bus in both directions. Students will be dismissed when the bus returns to the home school.

It is understood however that on rare occasions, extenuating circumstances may necessitate that a parent request an exception to this rule. For this reason, the form on the reverse of this sheet has been developed. This form should be completed and delivered to the coach at least 48 hours prior to the event to allow time for processing. If the request is denied, or the coach does not have administrator approval to release a student to his/her parents at an away venue, the coach is not permitted to release the student until the bus returns to the home site. This is for the protection of all parties.

We hope that all student-athletes understand the level of commitment necessary to be a successful high school athlete and a responsible team member.

Sincerely,

Michael A. Watson
